

“CLASS 2” STEEL MONEY CHESTS

The Class '2' Solid Steel Money Chest is an alternative to the more expensive Fire/Burglary Vaults, if money is an issue and you don't feel you require Fire protection then this is the perfect solution. Secure your cash and valuables where a would-be thief can't easily access them, don't let them walk in, and walk out with your hard earned Cash.

FEATURES:

- “C” Rated Burglary Construction (1” solid steel door & 1/2” solid steel body)
- Heavy duty hinges and all sides seamlessly welded
- Full length locking bar to deter prying attacks on hinges
- Armed with drill resistant hard-plate construction.
- Independent spring loaded re-locking mechanism
- UL Group II combination lock on “C” models
- Programmable electronic lock on “E” models
- 5 active 32 mm diameter chromed locking bolts
- 4 bolt holes for anchoring to the ground
- Grey/Green color finish
