

FRONT LOAD DEPOSITORIES

The Depository Safe is a smart and convenient way of safeguarding your cash and credit card receipts without jeopardizing security. The drop slot allows you to deposit your valuables without ever having to open the safe. The double compartment unit has an additional benefit, a totally independent lower compartment allows you to give access to your staff for cash trays and floats while ensuring only management has access to upper compartment containing daily cash drops.

FEATURES:

- B-Rated Solid Steel Plate Safe (½" door & ¼" body)
- UL Group II combination lock protected by Drill resistant hard plate
- 3-Way locking bolt system with an independent relocking device
- Full length locking bar to deter prying attack on hinge side
- Large Front Load drop area to accommodate large money bags
- Impressive 2-way anti-fish baffle system on door and inside the drop area.
- 4 bolt down holes to secure to floor
- All sides seamlessly welded
- Grey/Green color finish
